

Network for Success

2pm, Saturday 26 January

Friends Meeting House

6 Mount Street M2 5NS

*An afternoon of sharing skills and experiences
between people working for a better world*

This event aims to get together as many people as possible from all over Greater Manchester who're working for positive social change. Groups and individuals who are campaigning for positive social change are invited to come along, network with others and have a stall. Anybody who's working for a better environment, a fairer, more peaceful world with equal rights for all are urged to come along to promote themselves to other groups and the general public. "Networking" will be the theme of the afternoon – share your experiences, problems, solutions and skills with others! The public and press will also be there so it's an ideal opportunity to raise awareness of your issues.

The day will include stalls and displays by groups; group members and the public wandering about, chatting to people; a refreshments area for people to chat away from the buzz of the main room; and an area for people to put up details of forthcoming events.

To get involved, please complete the enclosed booking form or ring Michael at the Networking Newsletter Project on 0161 226 9321. (Offers of help also appreciated!)
